Mrs. Thomas J. Peck
Thomas J Peck and Sons, Inc.
415 South 600 East
Nephi, Utah 84043

Dear Mrs. Peck:

Re: Transfer of Mining Permit, Nephi Gypsum Quarry, M/023/011, Juab County, Utah

We recently spoke on the phone about your attempts over the last year to transfer the Nephi Gypsum mine permit. You have requested, verbally, to have the permit transferred from Thomas J. Peck and Sons, Inc. to another operator. The other operator, in this case, will probably be Anthony Peck or Jack Dansie (current operator of the mine site). The new operator has been reluctant to follow through with the permit transfer.

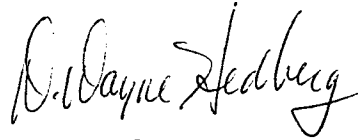

The Division will assist you in accomplishing the permit transfer, once we have received formal written notification that this is the desire of Thomas J. Peck and Sons, Inc. If this is your company's intention, please complete, sign and date the attached letter, then return the original to us.

I have also enclosed a Permit Transfer form. You will need to sign, date and return this form to this Division. I have filled in some of the known information for you on this form. If you have firsthand knowledge of any required corrections, please advise. I have placed an asterisk (*) at the top of the page which you will need to sign, date and have notarized. After we receive your formal request, we will notify the current operator accordingly. In the meantime, as the permittee of record, the compliance and reclamation responsibility for the Nephi Gypsum Quarry is yours.

Mr. Lowell P. Braxton
Associate Director
Utah Department Natural Resources
Division of Oil, Gas and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. Braxton:

This letter is provided to formally notify the Division that my company, Thomas J. Peck and Sons, Inc., no longer operates the Nephi Gypsum mine (M/023/011). We ceased operating the mine site as of (date) _____, 199 .

Having due authority to represent Thomas J. Peck and Sons, Inc., I am requesting that the original mine permit be formally transferred to the current operator (company/corporation/individual) _____, and that Thomas J. Peck and Sons, Inc. no longer be held responsible for the activities taking place on site.

It is my understanding that on May 13, 1992, the Division received a replacement reclamation surety in the amount of \$17,900 from Anthony Thomas Peck. I have enclosed the Permit Transfer form which has been signed and notarized. I would appreciate your assistance in helping Thomas J. Peck and Sons, Inc. complete this permit transfer, effectively releasing us from any further operational and reclamation responsibilities at this mine site.
